| <p>Collaborative Music Making In our society, pedagogy, art, collaboration and inclusion are considered positive values, and in this workshop, we examine in practice how to include people with different backgrounds in creating artistic and musical quality. We are really excited and curious to experiment our Collaborative Music Making with children aged about 3 to 10 years old and their families, to investigate how they will react and interact together in the music creation. Our Creative Interactive Concert involves children and families and invite them to practice music in life as a way to have fun and learn together. Children involved will be able to play instrument, objects, toys, experiment and explore the many ways to create sounds in a continuous share music creation. The Collaborative Music Making can facilitate the development of the infinite musical identities of the person and create a greater multicultural environment in constantly interaction and evolution. An interactive an innovative way to enjoy music listening, playing and creating it. Video link <a href="https://youtu.be/NVfaiWUN85o">https://youtu.be/NVfaiWUN85o</a></p> |
