Københavns Rådhus has recently received approval to proceed with watersports startegy. We have contacted Herik Appel Esbensen offering KCC's input to Copenhagen's Watersports Strategy.

Further on the initiative here:

<https://www.facebook.com/henrik.a.esbensen/posts/10158431683994557>

Therefore we'd like to ask for your input on what you'd like to see being incorporated in the strategy to make kitesurfing spots safer, more enjoyable and attaractive in Copenhagen.

Write your suggestions below, and vote for those created by others if you think the same.

Please provide your input by 20th September.

We will then summarise and provide this to Henrik as KCC collective input.

Thank you!

Ranking	Suggestions	Votes	Votes %
1	Remove stones	48	25%
2	Install windstation	40	21%
3	Install buoy to mark restricted area (birds area)	32	17%
4	Create space to chill/relax	16	8%
5	Toilet	15	8%
6	More and better info sign / boards that inform about the spot (launch areas, befinner friendly areas, wave areas etc)	13	7%
7	Webcam	12	6%
8	Security cameras to protect parking area	6	3%
