

I hereby confirm that Thorvaldsen's Museum has agreed to a collaboration with Aya Yoshida and Novo Quartet, to make a performance for the on the 30th of November 2024 given that the right funding is in place. We thoroughly believe that the performance will be the perfect match for the museums acoustics and is a good match for the strategy. We look forward to the collaboration.

All the best

Maria Horn

Head of PR and Communications, Thorvaldsen's Museum
