PRIVATE PRE-CONFERENCE DINNER

Co-host the elegant pre-conference dinner the night before the conference, in Tivoli. The dinner provides a unique opportunity for networking with speakers, sponsors and award winners and ensures you can network with the conference VIPs and entertain your guests in an elegant setting before the conference has even begun.

In 2019, the pre-conference dinner took place at Axelborg Hall opposite Tivoli Concert Hall with the Womenomics Award-winners in attendance. The cocktail reception with Diageo took place in the panelled hall of Axelborg and was followed by an elegant dinner served by NIMB, with BMW, Headspring Executive Development and Hugo Boss supporting the event. The dinner was a highlight of the Womenomics events and helped set the tone for the following day, inspiring conversations and making connections between VIP participants.

Companies may choose to support the pre-conference dinner at an additional cost.
