PROJECT DETAILS

>>>

The applied professional European travelling arts summer festival across CPH will be of **non – commercial, multicultural and educational character with free entrance** to all general audiences, visitors of COPENHAGEN, students, youth, families, kindergandens and schools from all parts of COPENHAGEN.

The planned film, photo, literature, textile, puppets, sounds and music program of EURO CULTURE VAN 2020 will present more than 500 art works from more than 200 European, Danish and Nordic artists, film directors,

writers, photographers, puppeters, performers and musicians to wide COPENHAGEN audiences in different parts and districts across COPENHAGEN in summer 2020.

The applied European travelling arts summer festival project wants to **support professional film and videoart culture, literature, photo, music, puppets, sounds events for all audiences (1-100years old) in different parts and districts of COPENHAGEN** as well as to **enlarge the offer of quality arts and film happenings and presentations of professional contemporary short, docs, animated and experimental films** to wide and multicultural audiences across whole **COPENHAGEN since 2020.**

The project will be open to audiences of all ages, all social and all cultural backgrounds from all parts of COPENHAGEN.

The festival will be a new summer festival brand for the promotion of young and contemporary Danish, European cinema, photography, literature, puppets, sounds, music, culture heritage and European cultures in all parts across COPENHAGEN for wide CPH audiences incl. promotion of cycling activities.

©transit film bazaar

The project will combine its high artistic, multicultural, social as well as educational dimensions and wants to support and enlarge the existing scale of quality literature, film, puppets, sounds and photo events and professional film, literature and photography offer in COPENHAGEN and generally contribute to the strengthening cultural environments in COPENHAGEN in all districts across the city in summer 2020. **It will be a new summer Nordic and European platform for the promotion of young local and European artists to citizens in different districts of COPENHAGEN as a crative and new meeting point between the CPH audiences and many Danish, European and Nordic artists included in the programmings of this project. Many local COPENHAGEN based artists will get a chance to present their professional art works during the event/festival.**

PLANNED AUDIENCES

>>>

The FESTIVAL will be of **non – commercial** and educational character combining its artistic, creative and multicultural values. All screenings will be open for free to all audiences from all parts of COPENHAGEN. **We plan to reach more than 10000 audiences of all ages from 1 – 100 years to all events of EURO CULTURE VAN 2020 across whole COPENHAGEN. This travelling summer festival across COPENHAGEN wants to create and develop new audiences for newest European arts across whole COPENHAGEN in all its parts and districts.**

Partners, PROMOTION and COMMUNICATION>>>

Promotion of project will be organized via electronic communication channels as well as printed catalogues and posters which will be redistributed in good time before the event around all parts of CPH and communes in different public areas as well as educational institutions for general audiences, students and young audiences. Interviews to local media will be given, information will be available and shared on facebook, twitters and other local culture and media websites. We will print 10000-12000 programming catalogues for all planned screenings with information on the project. 8000 - 10000 promotion postcards will be printed for the promotion purposes of the project.

We will cooperate closely with many local volunteers, local artists, local cultural and educational institutions, libraries, EU Embassies and European cultural institutes in CPH.

Special project website for this project will be launched in the end of March 2020 where all news, information on this project, artists, planned screenings and festival's events will be continually published during the production phase of the project. Main communication channels which we will use for the promotion of planned events in all parts of the city will be facebook, twitter, instagram, official website.

We will also send out special electronic invitations and news to local film guests, schools and other potential audiences in all parts of COPENHAGEN. All information on planned events will be delivered to local and regional press and news portals in all project cities. Indoor posters will be used in cinemas and cultural locations, schools, universities, cafés, libraries, galleries and other cultural and educational venues in across COPENHAGEN. We will invite journalists from local, regional and national media from all project cities to join the planned screenings, discussions at all openings and accompanied events linked to all events of this project in all parts of COPENHAGEN.
