Letter of Interest

As Mayors of Copenhagen, we are delighted to express our keen interest in hosting one or more of the following UCI events 2025 - 2027 in the Danish capital Copenhagen:

- UCI Cycling World Championships 2027
- UCI Road World Championships 2025/26
- UCI BMX World Championships 2025/26

Copenhagen is one of the most popular event cities in the world. Spectators and participants in Copenhagen can enjoy the benefits of Scandinavian design, functionality and professionalism, as well as every conceivable variety of modern technology. The city offers state-of-the-art facilities including the velodrome as well as compactness, with the majority of hotels and attractions within walking distance of each other.

The capital of one of the oldest kingdoms in the world is easily accessible for your participants. In Copenhagen you will be surrounded by the sea and experience a flourishing cultural life, creative growth and a vibrant atmosphere in which they can meet the easy-going and open-minded Copenhageners.

Copenhagen's goal is to be the world's leading environmental capital. The city is already very green and climate-conscious with an unprecedented network of bicycle paths; a world-class public transport system; and wind turbines just off its coast supplying a large proportion of the city's energy. In addition, the Municipality of Copenhagen is continuing to invest heavily in environmental projects. Our goal is to make this the world's first CO2-neutral capital by 2025.

On behalf of the City of Copenhagen, we anticipate further dialogue and deliberations between the UCI, the Danish Cycling Federation, Wonderful Copenhagen and Sport Event Denmark with the potential of delivering a bid file during 2020 for above mentioned UCI events.

Yours Faithfully,

Frank Jensen
