Dear Mr Joergensen

I refer to our meeting on the 14th May 2015, 11.00 o'clock in Berlin, where you presented to me your view on your projects Sigurdsgade 27 and 31, assuring me of a benevolent and respectful neighbourhood.

In this regard I agree to your proposal, that before any construction takes place, a wall will be completed, constructed in bricks 2,5 m around the site of Sigurdsgade 29. And that SAPS will pay the expenses for it.

So far we keep to our former decisions respectively that we have no intention to sell our property, since it is for the best benefit for the poor we serve, and that what we already mentioned in our earlier letters dated, 18.2. and 11.6.2014.

For all the trouble you take to find an acceptable solution which helps to maintain a good neighbourhood I thank you very much.

With kind regards and with God's blessing
