525 Southwest Morrison Street  
Portland, OR 97204  
877.229.9995

### Delegation Background and Study Tour Goals

The delegation will be on a 3-city study mission, bringing both elected officials and senior managers from the Technical and Environmental Administration from the City of Copenhagen. The delegation of 16 politicians will study in Vancouver, BC; Seattle; and Portland. Their particular interests for Portland include:

- Storm-water Management
- Urban Growth Boundaries and Transit-Oriented Development
- Neighborhood associations
- Smart Growth and our Portland's efforts in developing the

### NANCY HALES

Program Director  
nhales@pdx.edu  
503.725.5132

College of Urban and Public Affairs

Eco-District concept

- Portland Development Commission's efforts in public-private partnerships
- South Waterfront and new urban design
- Pearl District, as an example of TOD and brown-field renovation

The City of Copenhagen, as a bicycle-city, is also very interested in learning about Portland's efforts and goals within the field of bicycle planning.

## Tips for the Trip

First Stop Portland study tours often include field visits around the region on foot, by bicycle or transit, requiring some physical activity. Please let us know if you have any limitations we should be aware of when planning your tour. As a friendly reminder, we ask that you dress according to the weather and carry drinking water with you. Please remember to layer, to wear comfortable walking shoes, apply sunscreen, and safeguard personal belongings including cameras, phones, keys, etc., as needed.
