Collaborative Music Show An interactive music show for children and families, to enjoy music listening, playing and creating it. 45 minutes of intense original music show presented from different funny characters that introduce instruments like trumpet, saxophone, guitar, piano, percussions and more. The Collaborative Music Show will actively involve the participants who will be able to be part of the show singing, playing and listening to the magical stories of our musical characters. 5 shows in different playgrounds of Copenhagen to involve children and families and invite them to practice music in life as a way to have fun and grow together in our society. The show can facilitate the development of the infinite musical identities of the person and create a greater multicultural environment in constantly interaction and evolution. The shows will take place in the month of April in some playgrounds of the city where families of different ethnic groups usually spend time together. To strengthen the sense of a multicultural community interacting for collective enrichment. We are an informal group of student educators from the Rhythmic Conservatory of Copenhagen.
