The Marathon Project

2020 - 2024

12 performances

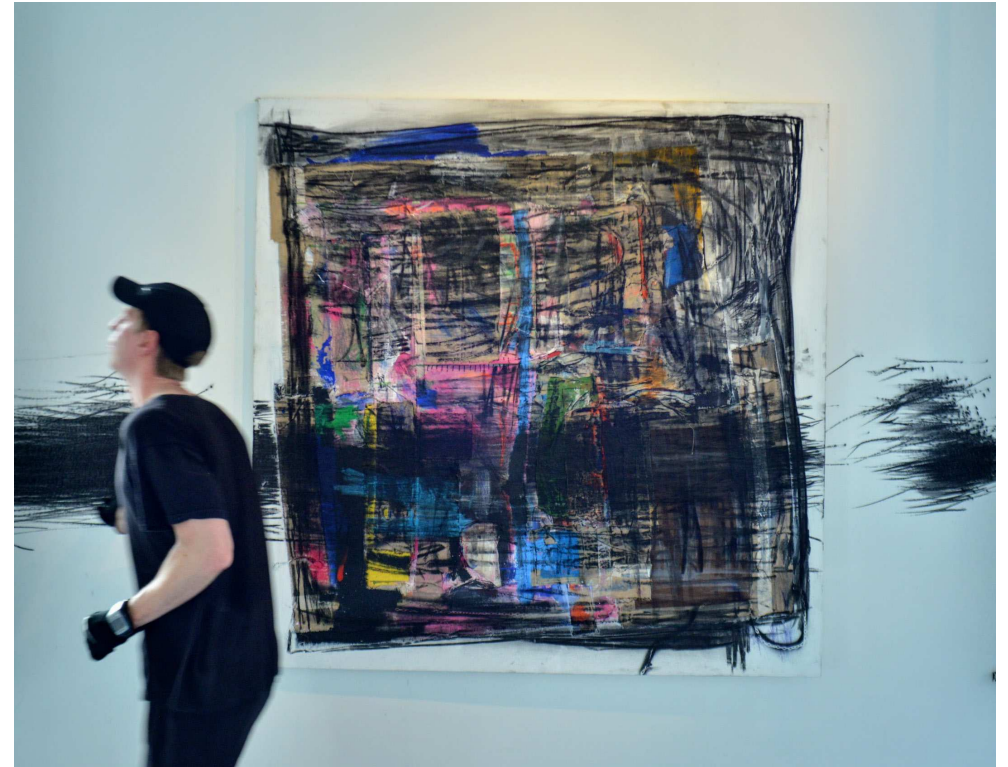

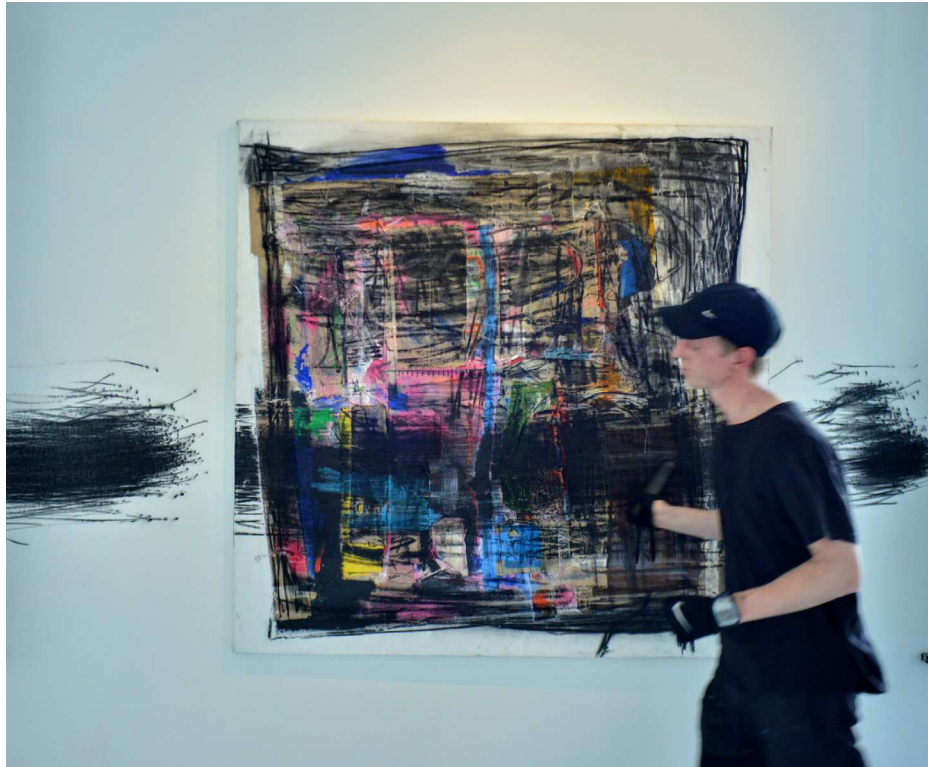

The Marathon Project er en performance-serie, hvor jeg løber et maraton (42,195km) i - eller rundt om - små aflukkede lokaler eller bygninger, mens jeg sporer mit løb ved at tegne med kul på facaden eller væggene.

42,195 glaserede terracotta vaser

Once Upon a Time består af 42,195 vaser - en for hver af maratonsløbets kilometer - illustreret med tekst og billeder, der fortæller historien om fænomenet maraton fra de gamle myter til mine egne maraton performances.

10.000 Drawings

2022

Performance

41 timer

10.000 Drawings er en durational performance, der refererer Malcolm Gladwell's ide om *de 10.000 timer*. Her ved at tegne 10.000 tegninger i streg. Mon den sidste tegning bliver god?
