

Notat

Letter of interest vedr. BMX 2025

Overborgmesteren og kultur- og fritidsborgmesteren har underskrevet et Letter of Interest til Danmarks Cykle Union til brug for at tiltrække VM BMX 2025.

Danmarks Cykle Union anvender brevet i deres tiltrækningsarbejde.

Det bemærkes, at ØU tidligere er blevet orienteret om, at der var underskrevet Letter of Interest til Danmarks Cykle Union til brug for at tiltrække VM Cykling 2027, VM BMX 2025/26 og VM Landevejsscykling 2025/26 som en samlet event. Danmarks Cykle Union har valgt ikke at byde på VM Cykling og VM Landevej, hvorfor de nu har bedt om et letter of interest vedr. VM i BMX.

Letter of interest VM BMX 2025

As Mayors of Copenhagen, we are delighted to express our keen interest in hosting the UCI BMX World Championships 2025 in the Danish Capital Copenhagen.

In choosing Copenhagen as your host city, we would welcome you to one of the most popular event cities in the world. Spectators and participants in Copenhagen can enjoy the benefits of Scandinavian design, functionality and professionalism, as well as every conceivable variety of modern technology. The city offers state-of-the-art facilities including the permanent BMX track as well as compactness, with the majority of hotels and attractions within walking distance of each other.

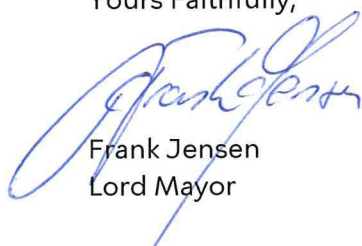

January 2019

The capital of one of the oldest kingdoms in the world is easily accessible for your participants. In Copenhagen, you will be surrounded by the sea, and experience a flourishing cultural life, creative growth and a vibrant atmosphere in which they can meet the easy-going and open-minded Copenhageners.

Copenhagen's goal is to be the world's leading environmental capital. The city is already very green and climate-conscious with an unprecedented network of bicycle paths; a world-class public transport system; and wind turbines just off its coast supplying a large proportion of the city's energy. In addition, the Municipality of Copenhagen is continuing to invest heavily in environmental projects. Our goal is to reduce Copenhagen's total CO2 emissions by 20% between 2005 and 2015 and make this the world's first CO2-neutral capital by 2025.

On behalf of the City of Copenhagen, we would most warmly welcome the UCI BMX World Championships 2025 in Copenhagen. Furthermore, we hope that all the spectators and participants, while having an unforgettable event experience, will also have the opportunity to enjoy Copenhagen, and take home with them many happy memories from our vibrant yet cosy metropolis.

Yours Faithfully,

Frank Jensen
Lord Mayor
