Optagelseskriterier til uppersecondary S5-S7 (gymnasiet) på Europaskolen København

Optagelseskriterierne til uppersecondary (gymnasiet) afspejler det høje faglige niveau, de særlige sprogkrav og den internationale profil, der gælder for Europaskolen København. Det er skolens vurdering, at kriterierne sikrer, at det er de bedst kvalificerede ansøgere med de rette sproglige og faglige kompetencer, der optages.

Admission criteria for the Danish Section

For at blive optaget på Europaskolen skal du have aflagt Folkeskolens Adgangsprøve eller lignende.

Optagelse af elever, der har aflagt Folkeskolens Afgangsprøve:

Du skal opfylde de samme kriterier som ved optagelse til danske gymnasier. Adgangskriterierne kan findes på [Uddannelsesguiden](#).

Optagelse af elever, som ikke har aflagt Folkeskolens Afgangsprøve:

Hvis du har gået på en international skole eller har en anden eksamen, så vil vi vurdere, om din eksamen opfylder de faglige krav til at blive optaget på Europaskolen. Elever fra andre Europaskoler vil være kvalificeret til at blive optaget, hvis de er blevet oprykket til 5. sekundær i den danske afdeling, men de skal stadig gennemgå en screening på samme vilkår som andre ansøgere (se nedenstående).

Elever, som allerede er optaget på Europaskolen København, er garanteret en plads i gymnasiet, og det samme gælder for ansøgere, hvis forældre er ansat i The European Environment Agency (EEA) eller andre Europæiske institutioner, f.eks. Kommissionen. Ingen andre elever har retskrav.

Ud over at opfylde ovenstående kriterier, så er optagelsen på Europaskolen også betinget af en skriftlig screening i dansk, engelsk (eller det sprog, som du har valgt som dit første fremmedsprog) og matematik. Ansøgere fra EEA og andre EU-institutioner behøver ikke at gennemgå en screening.

Elever, som kan dokumentere minimum 2 ud af 6 nedenstående punkter vil blive screenet først:

- Du har været bosat i udlandet i mere end 5 måneder og gået på en international skole enten i forbindelse med udveksling eller pga. dine forældres arbejde.

Evalueringskriterier:

Den endelige optagelse vil være baseret på en helhedsvurdering af ansøgers sproglige kompetencer i hovedsproget (dansk), niveauet af ansøgers første fremmedsprog (engelsk/fransk/tysk), generelle faglige kompetencer samt screeningsresultatet. Klasesammensætningen kan ligeledes være en del af evalueringen. Evalueringen vil blive foretaget af et uafhængigt optagelsespanel, som består af rektor for Europaskolen København samt en repræsentant fra Børne- og Ungeforvaltningen i København. Ingen af medlemmerne har været en del af screeningsprocessen.

Admission Criteria for the English Language Section.

- You have passed 9-10 years of schooling starting from nursery class (age 5) and have passed a GCTS exam or equivalent (passed 9th grade). Please note that the secondary levels vary from country to country, but in the European School system you should be at least 15 years old to be qualified for the 5th Secondary.
Applicants from other European Schools are qualified if they have been promoted to 5th Secondary in the English Language Section. They should, though, still take the admission screening as other applicants (see below).
- You have obtained a B1-B2 level (**CEFR-scale**) in the language you have chosen as your first foreign language (French/German) with a passing grade.

The admission is furthermore based on a written admission screening in English, your first foreign language (French/German) and math. Applicants from The European Environment Agency (EEA) or other EU-institutions are not required to take a screening since they are guaranteed a place at the school.

Students that can document at least 2 of the following 6 bullets will be screened first.

- You have attended a bilingual school in Denmark where some of your subjects other than language courses have been taught in either French or German.

- You have a French or German speaking parent and the language has been anchored in your everyday life.

Please note, that there is a restricted number of places in the class and you are not guaranteed a place at the school.

Evaluation of the application:

The admission will be based on an overall evaluation of the applicant's level of English, the level of the applicant's first foreign language (French/German), general competences and the written test. The class formation can also be considered. The final decision will be

taken by the European School Copenhagen's admission committee. The admission committee is the Principal of the European School Copenhagen and a representative from the Municipality of Copenhagen. None of the members of the admission committee have been a part of the screening process.
