

BILAG 3: Letter of Intent

November 30, 2012

Mr. Alejandro Agag
Formula E Holdings, Limited
8th Floor 26 Berkeley Square
London – W1J6HN
United Kingdom

Dear Mr. Agag

The City of Copenhagen hereby confirms its strong interest in being one of the participating cities in the 2014 season of the Formula E Championship.

In 2014 the championship will coincide with the naming of Copenhagen as European Green Capital. An innovative and eco-friendly take on motorsports will fit perfectly with the many other green solutions in Copenhagen.

Our infrastructure is perfect for international events of all sorts. Copenhagen airport is the Scandinavian hub for intercontinental and European flights. Furthermore, the airport has been voted best airport in Europe several times.

A fixed link connects us to Sweden and brings Malmö, the third largest city in Sweden, within half an hour's train ride from the centre of Copenhagen. Our metro – the youngest and most modern in Europe - serves the city well in combination with other parts of our high standard public transport.

Copenhagen's accommodation capacity is growing rapidly and the options range from youth hostels, camping sites over traditional and historical hotels to state-of-the-art design hotels, showcasing Danish design at its best.

All these factors are of course of great importance to organisers of major events, as is the safe environment of our city.

Add to this the special atmosphere of Copenhagen - the capital of one of the oldest kingdoms in the world. All periods of our 1,000 year long history are reflected in our streets, squares and buildings and will make a beautiful scenery for the Formula E Championship.

In choosing Copenhagen as one of the host cities for the FIA Formula E Championship in 2014, I have no doubt that we will be able to serve you and the attendees to everyone's satisfaction.

As of now funding has not been allocated. The question of funding will be addressed at a later stage.

Sincerely,

Pia Allerslev
Mayor of Culture and Leisure
